

Florida Atlantic University Emotion Recognition Study

Do you?

- Have a child between 4 and 8 years old?
- Want to help researchers understand the emotional development of children with and without developmental concerns?
- Want to better understand how your child recognizes emotions and relates to your family members and strangers?

We are offering a \$20 gift card to families who participate. Your child will also be able to select a free toy of their choice and their results will be available to you upon request.

Who: Children ages 4-8
(and their mothers)

What: Study will look at how well children can recognize emotions

Where: Florida Atlantic University-
Boca/Jupiter Campuses
or we can conduct the research at your home/school

Research to be conducted by the FAU Waves Lab
(Dr. Nancy Jones)
